

QuickStart 4

This service package will get you off to a strong start during your first four months with Procore and will ensure the fastest time to value for your teams, leveraging Procore's methodology and best practices. Should you need additional services, we will work with you to deliver options to meet your needs. All services included in this package, with the exceptions of Custom Solution hours expire 16 weeks after service start date.

Services Included:

Implementation Manager Services.

Up to **35 hours** of Implementation Manager services for **16 weeks**, ensuring a consistent point of contact to drive implementation success metrics throughout the implementation. Includes weekly scheduled consultations and project administration.

Virtual Training.

Up to **24 hours** of virtual training, including 6 hours of follow up & planning, to increase adoption and accelerate time to value. Available in US, CAN, ANZ, and UKI markets.

Consulting Services.

15 hours of additional 1:1 virtual Consulting services to assist with strategic business planning, education, deep product training, Procore rollout, and best practices for additional users.

Technical Services Consulting.

5 hours with a Technical Services expert to advise in the design of system integration strategies between Procore and our client's various environments.

Custom Solutions.

25 hours with our Custom Solution experts to design and implement custom forms, custom workflows, and custom tools.

Add-On Services

Services in addition to those included in this service package—such as an extension of Implementation Manager services beyond sixteen (16) weeks, additional Consulting Services and Custom Solutions hours, or Training and Integration Services—are available upon request to ensure you have all the support needed to be successful. These services are available for a fee and are not included in this scope.

Pricing and Payment Terms

These bundled services are offered at a discount from market rates. Work performed against this services bundle will be conducted via a fixed fee and is due as defined in the order form.
