

QuickStart Virtual

This **all virtual** package is designed to provide flexibility to you and your teams while getting you off to a strong start during the first 10 weeks with Procore and will ensure the fastest time to value. All services included in this package, with the exception of Custom Solution hours, expire 10 weeks after service start date.

Services Included:

Implementation Manager Services.

Up to **16 virtual hours** of Implementation Manager services for **10 weeks**, ensuring a consistent point of contact to drive implementation success metrics throughout the implementation. Includes weekly scheduled consultations and project administrations.

Consulting Services.

10 hours of additional 1:1 virtual Consulting services to assist with strategic business planning, education, deep product training, Procore rollout, and best practices for additional users.

Custom Solutions.

10 hours with our Custom Solution experts to design and implement custom forms, custom workflows, and custom tools.

Add-On Services

Services in addition to those included in this service package—such as an extension of Implementation Manager services beyond ten (10) weeks, additional Consulting Services and Custom Solutions hours, or Training and Integration Services—are available upon request to ensure you have all the support needed to be successful. These services are available for a fee and are not included in this scope.

Pricing and Payment Terms

These bundled services are offered at a discount from market rates. Work performed against this services bundle will be conducted via a fixed fee and is due as defined in the order form.
